Dear Teacher or Adult Leader:

________________________________
Name of Student

The above named student has applied to participate in the University of Wisconsin-Richland Precollege Program. This program is designed to build academic competence and confidence for students who would be the first in their family to graduate from college. Our Precollege Summer Residential program provides students with an intensive five-day academic and campus experience. Students who join the summer residential program may continue with the program through their high school career. Through this program, we hope to increase the student’s likelihood that she or he will apply and be accepted into and complete a college program. Our program includes students from Southwestern Wisconsin school districts and students from our Milwaukee partner schools. A unique feature of the program is the process of integration across different cultures and the diversity education that is part of this process.

As part of the student’s application, we ask they submit a recommendation from one teacher or other adult leader in their life. Please fill out the recommendation form below. **To ensure this student’s consideration please return the completed form, by May 1, 2014.** Return the form to Jessica Laeseke, UW-Richland, 1200 Hwy 14 W, Richland Center, WI 53581.
